

**summary**

Enjoys OO programming. Educational background in Painting and Animating. Creative problem solver with coding and artistic experience. Experience in database structuring and organizing, web design and enterprise application architecture. Comfortable working in Mac OS 10, Windows NT, 2000, XP, Vista, and Unix environments. Ability to quickly learn and use new languages, software and hardware.

**technical skills**

<b>3D – Animation:</b>	Technical Animating (rigging, UV wrapping), Poly, NURBS, Sub-Divisions modeling, Lip-Sync animating and acting, Character design
<b>Databases:</b>	MySql / Sybase / Oracle 9 - 10.
<b>Programming:</b>	Sybase SQL, Oracle SQL, MySql, Actuate Basic (VB derivative), HTML/CSS, AJAX, Java, JavaScript, Actionscript 3, SOAP/XML, PHP, C++
<b>Java Technologies:</b>	JDK 1.4 – 6, J2EE, Servlets, JSP, JSTL, JDBC, Threads, Apache Ant.
<b>Operating Systems:</b>	Windows XP/NT/2000/Vista, MS-DOS, and Unix.
<b>Frameworks:</b>	DWR 1-3.x, Spring 2.x, Hibernate 3.x
<b>Other Tools:</b>	CVS, SVN, Maya, Blender, Photoshop, Gimp, Illustrator, Premier, After Effects, Flash/Flex, Microsoft Office, Eclipse/MyEclipse, vi, PFE, and other text editors

**professional experience****Loomis, Sayles & Co. Boston, MA****Software Development****6/03 – Present**

- Lead design and architect for custom application using Java, Oracle SQL, and AJAX on Unix to interface with our multiple reporting servers and generate thousands of reports a day.
- Built web applications using Spring MVC, DWR and Hibernate.
- Created Java applications/tools to submit, manage and download thousands of reports at a time using multithreading, Web Services, and FTP.
- Document and train proper use of driver programs.
- Developed the back end for ad-hoc reporting to communicate with the UI using JSTL/Web Services.
- Designed the front end of a web UI for ad-hoc reporting.
- Developed in-house reports for investors and analysts using stored procedures and complex SQL queries.
- Developed client reports.
- Managed/tested database functionality.

**Tech Support****6/99 – 6/02**

- Performed company-wide software installs.
- Assembled new PCs as the company ordered them.
- Responded to in-house computer problem calls.
- Fixed computer crashes, errors and viruses that arose within the company.

**education****Massachusetts College of Art Boston, MA****Bachelor's of Fine Arts** 2005

Double major in Painting and SIM (Animation)

## awards

### **Sand Castle (2000 – 2006)**

*Crane's Beach Sand Blast Ipswich, MA*

- First Overall
- Second Overall
- People's Choice
- First in Category

### **Hamilton-Wenham Art Council (2001)**

- \$1,000 Scholarship to school of choice

### **Hamilton-Wenham Regional HS (2001)**

- Art Achievement Award
